VIP AutoShip

LOYALTY REWARDS PROGRAM

ALUREVÉ
VIP
CUSTOMER

As a company, we believe in loyalty. And to show you how much we appreciate your loyalty, we invite you to participate in the Alurevé VIP Rewards program.

How It Works

The VIP AutoShip Rewards Program rewards customers and consultants for their loyalty as product consumers on our monthly AutoShip program.

In this program a purchaser acquires points with every AutoShip purchase. They can then use those points to obtain free product. You begin acquiring VIP points in our program with your very first monthly AutoShip shipment.

Point Value

Point Value is assigned to each product based on a variety of factors from cost of the product to consultant volume. Points are accumulated over your time on AutoShip and can be redeemed for free products.

Earn Double Points!

2X

All AutoShip purchases made the 1st through the 5th of the month earn double rewards points. So, buy early and double-up on your reward!

Redeeming Your Points

When you login to your online account and go to the shopping area, you will see a menu item that says "Rewards." When you click that button, the product and VIP Rewards points will appear allowing you to redeem your acquired points for those listed products.

Rules Of The Program

1. The VIP Rewards purchaser only acquires points on the product they buy on AutoShip, NOT on one-time purchases (including kits).
2. There is no partial purchase of product using some points. You must have enough points to cover the full purchase. For example, a certain product redeems for 400 VIP Rewards points and you only have 200 points you CANNOT use your 200 VIP points and pay the difference. Another example, if you have 1,000 VIP points and certain products redeem for 400 VIP points you CAN use your 400 VIP points to redeem the product and you will still have your remaining 600 VIP points left over.
3. There will be no PV awarded for consultants on any redeemed products.

To get started, select the "AutoShip" option for any product in your shopping cart. You will automatically be enrolled in the VIP program and start earning points.

Happy spending & enjoy your rewards!
